

Third announcement

6th AdriaArray Workshop 2025, San Servolo (Venice), Italy 11 – 14 March 2025

Dear colleagues,
thank you for registering for the 6th AdriaArray Workshop that will be held in San Servolo (Venice lagoon), Italy, on 11 – 14 March, 2025, at the San Servolo Conference Center. The workshop is locally organized and partially sponsored by the Istituto Nazionale di Geofisica e Vulcanologia. Further, it is organized together with the Bulgarian Geophysical Society, Institute of Geophysics CAS, Prague and University Kiel.

The meeting

With the AdriaArray deployment now fully operational and the previous workshop focusing on methodological challenges, the upcoming workshop shifts its emphasis toward interdisciplinary scientific discussions. The plenary and poster sessions will highlight topics including seismicity and seismic structure, tectonics, geodynamics and geohazards in the AdriaArray region, with opportunities to delve into specific sub-regions of interest. The workshop will begin on Tuesday morning with interdisciplinary plenary sessions, which will continue through Wednesday and Thursday. In addition, there will be dedicated breakout and poster sessions. On Friday morning, the workshop will conclude with a plenary discussion session, wrapping up around midday. We have over 100 participants registered and look forward to interesting scientific discussions.

Program

The program will consist of plenary, breakout and poster sessions. Please, see the attached tentative program for details. This program version also serves as a confirmation of the type of your contribution (talk or poster). Check your name and the title of your contribution. If missing, please, send the title to Thomas Meier (thomas.meier@ifg.uni-kiel.de). You can also provide the names of your coauthors. If you have any questions about the program, or you want to suggest a change of the type of your contribution, please, contact Thomas. The program is online at: <https://github.com/PetrColinSky/AdriaArray/blob/master/SanServolo2025/program.pdf>

Save that link and check it regularly for updates. New versions of the program will be uploaded when they will be available without further email notices.

Posters

At the venue, there will be book-shaped poster boards, each one accommodating four posters. The orientation is portrait. Boards are 90 cm wide and 185 cm high (from the floor). We recommend keeping the height of the posters up to 150 cm. Posters will be displayed for the whole duration of the meeting.

Attendance fee

As announced earlier, the upcoming meeting requires an attendance fee of €100 per participant, which will be collected and managed by the Bulgarian Geophysical Society as the legal entity. Please, pay the fee by a bank transfer to the account number:

Name: Bulgarian Geophysical Society

IBAN: BG56SOMB91301059842301

Bank: MUNICIPAL BANK

BIC: SOMBBGSF

Address: 1000 Sofia, Bulgaria , 6 Vrabcha Str.

Add "AdA Workshop 25 + your name" as the payment reference / purpose of the payment, so that we can identify your transfer. Please, pay the fee before 21. February 2025. In case you need a proforma invoice before the payment, ask Gergana Georgieva (ggeorgieva@phys.uni-sofia.bg). After the payment, you will get a receipt as a confirmation for your payment. If your participation is financially supported, your fee is waived.

Travel and accommodation support

The list of attendees supported for their travel and accommodation is already final. The grantees were informed separately about the conditions of the travel grants. We ask those who did not provide details about their travel costs and arrival and departure dates, to send it to Claudia Piromallo (claudia.piromallo@ingv.it) and Gergana soon so that we can finalize the budget.

Accommodation

There are still some rooms available directly at the Conference Center on the island of San Servolo. For details, see the 2nd announcement and contact the reception at reception@servizimetropolitani.ve.it.

How to get to San Servolo

The Island of San Servolo, is located in Venice's historic center, across from Saint Mark's Square (San Marco), easily accessible by ACTV public waterbus line 20, service every 20/40 minutes. Departures from the San Zaccaria MVE waterbus stop, travel time 8/10 minutes, timetable:

https://servizimetropolitani.ve.it/images/orari-vaporetti-venezia/orari_linea_20.pdf.

from the Marco Polo Airport

- by boat Alilaguna shuttle boat service Marco Polo Airport/Saint Mark Square, approx. 40 minutes, timetable: <https://www.alilaguna.it/linee/linea-arancio/orario>.
From Saint Mark's Square, go on foot to the San Zaccaria MVE waterbus stop and take waterbus line 20 to San Servolo, see above.
- by bus Marco Polo Airport - Piazzale Roma bus terminal, ACTV bus line 5 and ATVO bus line, approx. 25 minutes, timetable:
<https://actv.avmspa.it/sites/default/files/attachments/pdf/UM/U-5.pdf> and
https://www.atvo.it/allegati/articoli/linea_35_dal_24.07.20_al_30.08.20.pdf.

from the Treviso Airport

There are bus services from the Treviso airport arriving at Piazzale Roma bus terminal.

travel by car

- The last points in Venice where you can leave your car are "Piazzale Roma" and "Tronchetto".
- Tronchetto: Apparently the cheapest parking, 29 euro/day. They do not accept reservations, but there is no need being low season <https://www.tronchettoparking.it/en/>.
 - Municipal Car Park, Piazzale Roma: More expensive (35 euro/day), can be booked <https://www.veneziaunica.it/en/e-commerce/services?macrofamily=5&family=24>.
 - Garage San Marco, Piazzale Roma: More expensive (more than 40 euro/day), can be booked <https://www.garagesanmarco.it/en/>

If you arrive by **train** to the Venice train station, by **bus** to Piazzale Roma or by **car** to any of the three places above, take ACTV public waterbuses, lines 1, 2, 4.1 or 5.1 to San Marco/San Zaccaria, timetables: <https://actv.avmspa.it/it/content/orari-servizio-di-navigazione-0>. Upon arrival at San Zaccaria, go on foot to the San Zaccaria MVE waterbus stop to catch line 20 to San Servolo.

We look forward to seeing you in San Servolo soon!

Yours sincerely

Claudia Piromallo, Gergana Georgieva, Petr Kolínský, Thomas Meier
