

## **Second announcement**

### **6<sup>th</sup> AdriaArray Workshop 2025, San Servolo (Venice), Italy**

### **11 – 14 March 2025**

Dear colleagues,  
as announced earlier, the next international workshop on AdriaArray will be held in San Servolo (Venice lagoon), Italy, on 11 – 14 March, 2025. The workshop is locally organized and partially sponsored by the Istituto Nazionale di Geofisica e Vulcanologia and Department of Meteorology.

#### **The meeting**

With the AdriaArray deployment now fully operational and the previous workshop focusing on methodological challenges, we propose that this upcoming workshop shifts its emphasis toward interdisciplinary scientific discussions.

The plenary and poster sessions will highlight topics including seismicity and seismic structure, tectonics, geodynamics and geohazards in the AdriaArray (AdA) region, with opportunities to delve into specific sub-regions of interest. The workshop will begin on Tuesday morning with interdisciplinary plenary sessions, which will continue through Wednesday and Thursday. In addition, there will be dedicated breakout sessions, poster presentations, focused meetings, and collaborative discussions. On Friday morning, the workshop will conclude with a plenary discussion session, wrapping up around midday. The maximum capacity of the meeting is 120 participants.

#### **The venue**

The meeting will be held at the San Servolo Conference Center, a monumental historic complex on the island of San Servolo in the Venice lagoon. The Centro Soggiorno e Studi on the island is reserved for workshop participants, to combine on-site workspace and accommodation to offer participants the possibility of a pleasant stay a few minutes by waterbus from the historic center (Piazza San Marco).

#### **Tentative schedule**

1<sup>st</sup> day (Tue March 11) 09:00-18:00 welcome by local organizers and hosts, plenary and poster sessions  
2<sup>nd</sup> day (Wed March 12) 09:00-18:00 plenary, poster, and break-out sessions, working group meetings  
3<sup>rd</sup> day (Thu March 13) 09:00-18:00 plenary, poster, and break-out sessions, working group meetings  
4<sup>th</sup> day (Fri March 14) 09:00-12:00 AdriaArray Steering Committee meeting, final plenary discussion  
Posters will be displayed for the whole duration of the meeting.

## Registration is now open

Please register online at the following link <https://forms.gle/jyLdUs5E46yucjFS9>. You can already provide a tentative title of your contribution. Registration will close on Jan 12<sup>th</sup>. Your attendance will be confirmed within a week after your registration. Once the maximum number of attendees is reached, your registration will be moved to a waiting list. The type of your contribution (oral / poster) will be communicated to you after the registration deadline in the second half of January 2025.

The upcoming meeting will require a registration fee of €100 per participant, which will be collected and managed by the Bulgarian Geophysical Society as the legal entity. More information on the payment of the registration fee will be given at the time of acceptance.

## Accommodation

After the acceptance of your registration, you can book your accommodation and travel. For accommodation, you have two options:

### 1. Stay at the Conference Center on the island of San Servolo:

To secure a room, please email [reception@servizimetropolitani.ve.it](mailto:reception@servizimetropolitani.ve.it) by 15 January 2025. The following room types are available:

15 Standard Single rooms	€ 90,00/room/night
1 Superior Single room	€ 100,00/room/night
11 Standard Twin rooms	€ 150,00/room/night
4 Superior Twin rooms	€ 165,00/room/night
8 Superior rooms with French beds	€ 127,00/room/night
10 Triple rooms	€ 180,00/room/night
5 Deluxe Double rooms	€ 180,00/room/night

Once you email the reception, you will receive specific instructions to confirm your booking.

### 2. Choose your own accommodation in Venice:

You can stay anywhere in Venice and commute to San Servolo during workshop hours. Note that the island is easily accessible with a 5–10 minute waterbus ride from Piazza S. Marco, located in the historic city center.

## Support

Financial support for traveling and accommodation will be available for a limited number of participants. Parallel to the registration, please send your application for the support, if needed, by email to the following addresses:

Claudia Piromallo [claudia.piromallo@ingv.it](mailto:claudia.piromallo@ingv.it)

Gergana Georgieva [ggeorgieva@phys.uni-sofia.bg](mailto:ggeorgieva@phys.uni-sofia.bg)

Please, indicate briefly in your email what will be your contribution to the workshop and an estimate of your travel expenses. Accommodation for the sponsored attendees will be booked in San Servolo by the organizing committee.

Yours sincerely

Claudia Piromallo, Gergana Georgieva, Petr Kolínský, Thomas Meier
